PUBH 3955 (1cr)*: Using Policy to Address Child & Adolescent Obesity Prevention; Completely Online

Section 4: Global Impact

Notes:
(x): number of credits; times reflect departmental postings as of Nov.1st
*1 credit courses, alone, do not fulfill a requirement area. The minimum number of credits required to fulfill a requirement area is two (2).
**PUBH 3004 is a 4-credit course that combines PUBH 3001 and PUBH 3003. Taking PUBH 3004 satisfies half of the ‘Introduction to the Discipline” sub-requirement and the full ‘Applying Public Health Theory’ sub-requirement.
